PROFESSIONAL SUMMARY

Sustainability analyst with a foundation in environmental engineering and graduate expertise in water resources and information systems. Hands-on experience building GRI, BRSR, and ISO 14001-compliant reporting frameworks and ESG dashboards at KPMG. Combines scientific depth in carbon accounting and water footprinting with data and consulting skills to translate environmental disclosures into stakeholder-ready decisions. M.Tech Water Resources Management; M.S. Information Systems, Northeastern University (2025).

CORE SKILLS

ESG FRAMEWORKS & REPORTING GRI 2021 Standards · BRSR · ISO 14001 · CDP · TCFD · SASB · Carbon Accounting · Water Footprinting · Materiality Mapping · Environmental Disclosure	DATA & ANALYTICS Power BI (DAX) · Tableau · Excel (Advanced) · SQL (querying & reporting) · Python (data scripting, AI-assisted) · ESG KPI Dashboard Design · Data Visualization
ENVIRONMENTAL SCIENCE GRI 302 (Energy) · GRI 303 (Water) · GRI 305 (Emissions) · Scope 1/2/3 Emissions · Water Resource Systems · Hydrology · Environmental Engineering	ANALYSIS & DELIVERY GAP Analysis · BRD Documentation · Stakeholder Reporting · Audit-Ready Submissions · Workshop Facilitation · Agile · Jira · Cross-functional Communication

EXPERIENCE

Associate Consultant — ESG & Business Analysis Dec 2021 – Mar 2022
KPMG · Mumbai, India

- Built Power BI dashboards tracking 15+ ESG KPIs (carbon reduction, emissions targets, water use, audit-readiness) across 3 client programs for executive and regulatory audiences.
- Automated ESG compliance reporting workflows across 5 engagements; reduced manual effort by **32%** and improved data accuracy by **40%**.
- Delivered audit-ready BRSR, GRI, and ISO 14001 submissions across all programs, meeting every regulatory deadline with zero exceptions.

Product Analyst Intern Aug 2025 – Oct 2025
TenantKey (by HotelKey) · Remote, USA

- Built Power BI and Tableau dashboards surfacing KPIs and data-driven insights for cross-functional stakeholders.
- Led UAT across 3 release cycles — defined acceptance criteria, coordinated QA, and tracked defects in Jira.

Product Analyst Intern May 2024 – Aug 2024
Drip Capital · Remote, USA

- Translated user research and workflow analysis into actionable requirements and data-backed recommendations for product and engineering teams.

SELECTED PROJECTS

REI Sustainability Disclosure — GRI 2021 Gap Analysis Independent Research · 2026
Mapped REI's public ESG disclosures against GRI 2021 Standards. Scored 10 material topics, identified critical compliance gaps (GRI 303 water withdrawal absent, tier-2/3 supply chain audit missing), and delivered a prioritized remediation roadmap — scope mirrors work commissioned by corporate ESG teams.

EcoAction AI — ESG Data Platform Data & AI · 2024
Designed automated ESG data pipelines and an AI-assisted platform ingesting multi-source environmental data into GRI 302/303/305-aligned dashboards for corporate sustainability disclosure. Reduced manual data entry by ~60%.

EDUCATION

M.S. Information Systems (STEM) · Northeastern University, Seattle, WA 2025
Data Analytics · Data Visualization · Business Process Analysis · Information Systems Management

M.Tech Water Resources Management · TERI School of Advanced Studies, Delhi, India
Water Systems Modeling · Environmental Sustainability · Resource Management · Carbon Data Fluency

B.S. Civil Engineering (Environmental Engineering Focus)
Environmental Engineering · Hydrology · Water Resource Systems · Site Investigation

CERTIFICATIONS

Scrum Master Certified (SMC) · Northeastern University · Issued Dec 2024
Credential ID: 20240932
